

THAYER SCHOOL OF  
ENGINEERING  
AT DARTMOUTH

## Policy on Animals in Thayer School

*Effective July 1, 2018*

No animals are allowed in Thayer School of Engineering buildings with the exception of service animals, in accordance with the Dartmouth Assistance Animal Policy.

Under that policy, a “service animal” means “any dog that is individually trained to do work or perform tasks for the benefit of a person with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the person’s disability. The provision of emotional support, well-being, comfort, or companionship does not constitute work or tasks for the purpose of this definition. Species other than dogs or, in some cases, miniature horses, are not considered service animals for the purpose of this definition of a service animal.”
